

Dynamic Geology (with References to Structural Phenomena in Their Relation to Processes): A Recitation Text (Classic Reprint) (Paperback)

By O D Von Engeln

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Dynamic Geology (With References to Structural Phenomena in Their Relation to Processes): A Recitation Text This volume is intended to be used as a recitation text in a course of Dynamic Geology consisting of lectures, laboratory and field observations, and recitation periods. The broader aspects of the subject and its discussion phases may well be presented in lectures with numerous illustrations. Actual experience and knowledge of the material of Geology ought to be gained in the laboratory and by field studies. It is, however, difficult to convey by word of mouth, either in the lecture room or field where students need to take notes while listening, the definite concepts and exact relations that comprise a large body of the science. This can be done much better by means of the diagrams and precise phrases of a printed text since these can be gone over again and again until a given point is clearly understood and not involved in misconceptions due to the speakers language or faulty hearing on part of the student. It is, therefore,...

Reviews

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.
