Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.

Her therapist, a beautiful Mistress, quickly puts him under and confirms that he wants to become a feminized sissy that serves. He dons pink panties and a chastity belt, takes a golden shower, pleasure another man, and offers up his holes at the discretion of his Mistress. Even after hypnosis is no longer being used, he finds himself craving the life of an obedient sissy girl. The Nurse's Sissy Robert is running for office and estranged from his wife. When he's directed to visit the doctor's office for his physical, he's surprised to find out that he's been diagnosed as a sissy. He's subjected to enemas, pleasuring the doctor, and receiving the nurse's strap-on. He submits to the nurse as his mistress and accepts his fate even as she humiliates him, subjects him to water sports, shares him with male strangers, and locks up his manhood in a chastity belt. As his infatuation grows, his feminization also escalates in hopes of pleasing his mistress and getting a taste of her sweet honeypot.
