

## From Techie to Boss: Transitioning to Leadership

By Scott Cromar

Apress. Paperback. Book Condition: New. Paperback. 260 pages. From Techie to Boss teaches technical people who are making or mulling the transition from team player to team leader all the management techniques and soft leadership skills they never needed before--but need now, pronto. Veteran team lead and project manager Scott Cromar lays out the classical management training course, but stripped down to precisely the essentials that techies need to start managing on the fly. He gets it that a front-line techie getting a field promotion to team leader just doesn't have the time to wade through an MBA textbook bulging with irrelevant material. The author appreciates how you got to the place where you need this book. Management tapped you instead of some experienced manager from the outside because you know the technical challenges, company culture, and team players better than anyone else: you're ready to hit the ground running. But the skills that make you an excellent techie are not sufficient to make you a successful manager. The rules of your world have abruptly changed. You will now be judged not by your puzzle-solving elegance but by how effectively your team contributes to the organization's bottom line. Techniques and tips...

### Reviews

*Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- Annette Boyle

*Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).*

-- Lexie Paucek PhD
