Date :2008-06. This book describes the theory and examples from the start & the author summarizes for the reader the essence of beauty regimen. Its biggest feature is the vivid and detailed by some of the stories reflects the author's unique health and beauty effects & showing her first-class professional and technical staff on business development and growth of great influence. The book is neither followed the other beauty books lengthy narrative theory & there is no copy number of the usual haphazard health series of cases piling up & but in practice & summary extraction & so that the combination of theory and practice & in theory exposition also try to make it easy to understand & therefore & has a strong guidance and maneuverability.
