Reviews

If you need to adding benefit, a must buy book. It can be filled with knowledge and wisdom I am easily will get a pleasure of studying a composed publication.

(Trevor Greenholt DDS)

TO THE EDGE OF THE WORLD: THE STORY OF THE TRANS-SIBERIAN RAILWAY

Atlantic Books. Paperback. Book Condition: new. BRAND NEW, To the Edge of the World: The Story of the Trans-Siberian Railway, Christian Wolmar, Christian Wolmar expertly tells the story of the Trans-Siberian railway from its conception and construction under Tsar Alexander III, to the northern extension ordered by Brezhnev and its current success as a vital artery. He also explores the crucial role the line played in both the Russian Civil War -Trotsky famously used an armoured carriage as his command post - and the Second World War, during which the railway saved the country from certain defeat. Like the author's previous railway histories, it focuses on the personalities, as well as the political and economic events, that lay behind one of the most extraordinary engineering triumphs of the nineteenth century.
